This year, the goal of the Breath of Spring campaign is to raise funds to purchase ceiling lifts for the 3rd floor. Mounted on the ceiling, these lifts will allow patients to be safely moved from their bed to another stretcher, wheelchair, or to another position. These lifts will make moving patients much easier for the patient, and safer for the medical staff.

Message from the Chair

It's been quite a year since our last newsletter. We've seen successful campaigns, extremely successful events, and a few cosmetic changes. The first, and most noticeable change is our new logo, which has been freshened up to look more polished. You'll see our new logo on all of our advertising and on every publication we put out. We hope you like it as much as we do.

Last year's Light Up the Hospitals! and Breath of Spring campaigns were both very successful, raising funds to purchase digital eye equipment, a gastroscope and a digital processor for the Operating Room. It was also a great year for events. Wanted: Dead or Alive at Kootenay Lake Hospital, produced by Nadine Steele and starring medical staff was huge success, and nearly sold out 3 shows at the Capitol Theatre. The 7th Annual Legacy Golf Event was our most successful ever, and was enjoyed by all in spite of the weather. Special thanks to Ian Harriman, Patty Johnson, and the rest of the golf committee for all their hard work on this event. We hope you come out to golf at this year's event on Sunday, August 17.

As I near the end of my term as Chair of the Foundation Board of Directors, I would like to thank all of the directors and volunteers who I've worked with in my years with the Foundation. I will continue to serve on the Board, and at the committee level. They are a great group and continue to work tirelessly for the hospital.

Roger Higgins, Chair
